If you anticipate evacuation orders due to wildfire, there are several things you can do to prepare your home before you leave.

Listen for updates closely and evacuate as soon as you’re told to do so.

**COLLECT**
Collect items from around the exterior of your home and bring them inside (patio furniture, toys, trash and recycling cans, etc.).

**CLEAR SPACE**
Clear everything - up to five feet - all the way around your house. Remove pine needles, wood piles and other flammable items.

**CLEAN THE ROOF**
Embers often accumulate on roofs, so if you have time, safely clean out your gutters and any debris from your roof.

**LEAVE A LADDER**
Place a ladder near or against your home to allow firefighters quick access to your roof if needed.
